Details of the pre-application advice received

I called the Wiltshire Council Planning validation team and explained details relating to this planning application. I sought advice on the requirement for an elevation plan to accommodate the planning application. On 12/06/2023 I was advised that an elevation plan would not be required due to the minimal items to be stored within temporary construction compound, and due to the fact the all items within the compound will be removed after the temporary compound is demobilised.
