Highway Development Control Consultation Response

Planning Application Ref: PL/2023/06244

Site Address: Hills Minerals and Waste Ltd, Mopes Lane, Purton, SN5 4HG

Proposal: Discharge of conditions 4, 5, 6, & 7 of planning application PL/2021/10405 (Installation of a 20MW ground-mounted Photo Voltaic (PV) solar development on a restored landfill site with associated landscape mitigation and ecological/ecosystem services enhancements).

Date of Further Consultation Response: 26th October 2023

I refer to the Highway consultation response of the 9th October 2023 and the subsequent submission of a revised Proposed Construction Compound Plan, which now indicates the provision of mini bus parking.

The revised plan is acceptable, and I therefore confirm that the submitted CTMP is acceptable for the discharge of the condition 7.
