Dear Sir/Madam,

**Re: Tinkerbarn Farm, Hosier Bothers Ltd, Marlborough SN8 3SE**

I am writing on behalf of our client, Hosier Brothers Limited, to apply for prior approval for a proposed Building for Agricultural use under the Town and Country Planning (GPDO).

This proposal follows on from a previous application PL/2022/09656 that was approved under TCP (GPDO) on 9th January 2023. The planning officer for this application was James Reppar.

We have had pre-app advice from James, and he has requested to be assigned to this revised planning application.

James advised that a second prior approval application can be submitted on the condition that the first application has not been and does not intend on being built.

Our client understands that developments cannot exceed the 1,000 square metre allowance within a two year period under TCP (GPDO) and does not intend to build the first building under PL/2022/09656.

Our client has carefully considered the new location for development that is more financially liable for the farm while also being more aesthetically pleasing option.

Please find planning documents for the revised scheme enclosed.

If you require any further information, please do not hesitate to contact me.

Yours sincerely

B K GRAIN HANDLING ENGINEERS

R DOBSON
