Description of Proposed Works

Please describe the proposals to alter, extend or demolish the listed building(s)

The proposal is to repair the damaged quoin by cutting out 6 no. eroded stones by hand and replacing them with new limestone. The new stone will match the existing in material, sizing, and its chamfered profile. The new stone will be fixed into place by hand using stone dust and lime, and will be finished with the white limewash to match the existing. Additionally, the flaking white decorative finish above the area to be replaced will be scraped off and replaced with a limewash that will not hinder the porosity and 'breathability' of the existing stonework.
