Details of the pre-application advice received

Summary of Officer View:
The proposal is considered to be acceptable in principle. This response outlines areas that will need to be addressed in any application.
Constraints:
The subject property is The Old School Room, 18 Coppice Hill, Bradford on Avon, Wiltshire which is a grade II listed building.

The principal dwelling is a grade II listed building and so as a such we have consulted with the Council's Conservation Officer, who has not raised any objections and whereby the officer has offered the following comments:
" From the point of view of the historic environment the main statutory tests are set out within the Planning (Listed Building and Conservation Areas) Act 1990, including Section 66 which requires that special regard be given to the desirability of preserving listed buildings and their settings and Section 72(1) which requires the Council to pay special attention to the desirability of preserving or enhancing the character or appearance of designated Conservation Areas.
Chapter 16 of the NPPF 'Conserving and enhancing the historic environment' sets out the Government's high-level policies concerning heritage and sustainable development. The Council's Core Strategy Policy CP58 'Ensuring the conservation of the historic environment' requires that "designated heritage assets and their settings will be conserved, and where appropriate enhanced, in a manner appropriate to their significance."
The proposed new paved area relates to an important group of historic buildings at the centre of town including the Grade II* listed Wesleyan Church (now ruined) and its former Sunday school (the current applicant's home) which is listed at Grade II.
There does not appear to be any particular significance to the levels around the building but, in any case, the physical relationship between the former Sunday school and chapel will not be disrupted and, at the proposed low level, the new area should not create any visual barrier in the approach to the Chapel. Subject to the choice of appropriate materials (which we would probably want to condition details for), the proposed works will replace existing modern surfacing and have a largely neutral overall impact on heritage assets (including the listed buildings and conservation areas). As a result, I have no objection in principle.

As the nearby Wesleyan Methodist Church is a grade II* listed building, there will be a requirement to consult Historic England and is something which we are not able to do at this pre-application stage.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No
