Subject: Wessex Water response PL/2023/06362

Thank you for your consultation. Due to recent changes within the team we are unable to respond to this planning application, This temporary change only applies to minor sites and we expect to resume normal activities by the end of October.

In the meantime please direct applicants to information available on our website;

Click here to get a copy of our asset map

Surface water drainage
Wessex Water do not permit surface water connections into the foul sewer, a copy of our surface water drainage policy can be found here https://developerservices.wessexwater.co.uk/media/jf5dahxw/wwds-dev063p-planning-liaison-surface-water-policy-for-minor-development.pdf

Existing apparatus
Building within close proximity to a public sewer has restrictions and you may be required to divert it https://developerservices.wessexwater.co.uk/wastewater/building-near-or-over-a-minor-public-sewer

We do not permit the buildover or build near to a public water main, protection easements will apply https://developerservices.wessexwater.co.uk/water/building-near-or-over-a-water-main

If you still require Wessex Water's response please re consult us and mark for Georgia Turner's attention via planning.liaison@wessexwater.co.uk and we will review in due course.

Kind regards
Planning Liaison Team

Georgia Turner
