ENQ/2023/01230

Details of the pre-application advice received

Conservation Officer comment : The use of timber boarding may be possible, depending on the character of finish intended - traditional weatherboard would be out of place on such a large roadside building in the CA, but a designed finish may work - PSE boards, for instance, or shingles, or otherwise clay tiles (better than the existing) would be another option.

Double Garage : If you were to proceed with this element of the proposal in the submission of a full application, it would be beneficial if you provided details of the materials to be used along with a parking/manoeuvrability swept path analysis plan to cover any highway matters.

Hipped Gable Design : Whilst this proposal is certainly an improvement to that of the previous scheme subject to pre-application enquiry ENQ/2023/00840, a hipped roof design in line with the existing northern roofslope of the property would reduce the overall dominance /appearance of this proposal within the streetscene and would be a preferred option should your client wish to proceed with the submission of any formal planning application.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

⊘ Yes
◯ No

Is any of the land to which the application relates part of an Agricultural Holding?

◯ Yes
⊘ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**
