Details of the pre-application advice received

Details of this are in the D&A application Appendix 1 but also below:

As the proposal involves removal of some of the base layer and probably repairs to timbers we would advise that Listed building consent is required. Applications are made via the planning portal. We would require a location plan and in this instance photographs of the building and a specification of works similar to what has been provided. It would be good to know why CWR is being proposed for the new base layer at the rear. We do not that the rear has decorated to such an extent that the baselayer has already been largely lost. As regards the works to the timbers we would need a roof plan of the timbers marked up with which ones or sections are to be removed and the method of repair.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

⊘ No
