Highway Development Control Consultation Response

Planning Application Ref: PL/2023/05996

Site Address: Dairy Buildings near Upper Lodge, Park Lane, Cherhill, Calne, SN11 8XW

Proposal: Erection of high welfare cow housing (phase 2 of 3).

Date of Consultation Response: 17/08/2023

I refer to the above planning application dated 18/07/2023 seeking to erect high welfare cow housing.

The site is located on Park Lane, which for the initial section is an unclassified section of public highway leading to a private road and PROW Footpath CHER32. There are a number of private tracks surrounding the site which also have PROW Bridleways (CBAS1 and CHER6A), Footpaths (CHER32, CHER8 and CBAS10) and Restricted Byways (CBAS1 and CHER6A). The PROW team have been consulted separately in this regard.

The proposals seek to update the current cow housing by extending a permitted development for cow housing. There are no plans to alter the existing access with the public highway. There are no plans to increase operations related to the cattle size through this application.

Therefore I would not wish to raise an objection in relation to highways.
