Dear Sir.

I wish to strongly object to the Planning Application PL/2023/05387. I objected last time there was plans on this land and for all the same reasons I object this time.

1. It is an old pasture -
2. Near the town where there already are industrial estates
3. On a very narrow lane, which it is already difficult to pass horses and does not need anymore traffic.
4. It is in an A.O.N.B and the road protects any more of Shaftesbury extending that way.
