◯ An existing use
⊘ Existing building works
◯ An existing use, building work or activity in breach of a condition

Being a use, building works or activity which is still going on at the date of this application.

Description of Existing Use, Building Works or Activity

Please fully describe each existing use, building works or activity for which you want the lawful development certificate. Where appropriate, show to which part of the land each use, building works or activity relates

'Lawful Development Certificate: Existing Use' Application Relating to the Lawful Commencement of Planning Permission 18/11700/FUL. Please refer to the submitted Cover Letter for further information.

Grounds for application for a Lawful Development Certificate

Under what grounds is the certificate being sought

☐ The use began more than 10 years before the date of this application
☐ The use, building works or activity in breach of condition began more than 10 years before the date of this application
☐ The use began within the last 10 years, as a result of a change of use not requiring planning permission, and there has not been a change of use requiring planning permission in the last 10 years
☐ The building works (for instance, building or engineering works) were substantially completed more than four years before the date of this application.
☐ The use as a single dwelling house began more than four years before the date of this application
☑ Other - please specify (this might include claims that the change of use or building work was not development, or that it benefited from planning permission granted under the Act or by the General Permitted Development Order).

If the certificate is sought on 'Other' grounds please give details

The commencement of the permission was within the specified time limit (Condition 1).

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?

◯ Yes
⊘ No

Please state why a Lawful Development Certificate should be granted

A material commencement of the development proposals had been carried out in January 2021 via the installation of the drainage system (in accordance with Condition 3 and Condition 5 - both of which were formally discharged). The installation of this drainage system is intrinsically linked to planning permission 18/11700/FUL and conforms to the definition of 'development' in the legislation.

During the course of later planning applications on the land, it has been determined by Wiltshire Council that this permission had subsequently expired.

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
