Community value	
Your reasons for thinking that Wiltshire Council should conclude that the land is of 'community value', having regard to the definition in the Localism Act: • current primary use of the building/ land or use of the building/ land in the recent past furthers the social well-being or social interests (cultural, recreational, or sporting interests) of the local community • it is realistic to think that now or in the next five years there could continue to be primary use of the building/land which will further the social well-being or social interests of the local community (whether or not in the same way as before)	- The White Horse is the only public house in the village of Quidhampton and sited at its centre. It was previously registered in 2013 and 2018. - The village has no church, no school and no shops. There is a small village hall opening on to Lower Road and a recreation ground. The White Horse and the Village Hall are the only public buildings where the community can meet together. - The pub and its garden are the venue for community events throughout the year, as they have been in living memory and are considered likely to do so for many years in the future. - The Parish owned marquee is stored at the pub and is erected in the Garden as required for events from Spring to November. The garden is the only suitable site for the village marquee. - The pub is at the centre of the annual Fireworks display and other village events take place around it, - Some village groups hold their meetings in the White Horse. Each year, a Carol Service and Harvest Festival are held in the White Horse, as well as more secular seasonal entertainment such as the sloe gin competition. - The attached list gives more details.
