Re: Variation of Conditions 2 and 4 on approved plans
PL/2021/10155. - SP3 6EE

Dear Ms Clark

Further to the above noted planning consent and our recent telephone conversations referring to site discussion you had with my client and the Highways officer I now attach our revised APPLICATION FOR REMOVAL OR VARIATION OF A CONDITION" for your consideration.

As you will note from the attached documentation, we have accommodated an addition (3rd) car parking space on the site by removing sections of established hedging, all in accordance with your site discussions.

I trust this variation will now deal with planning conditions 2 and 4. I look forward to your confirmation.

Yours sincerely

F Michael Grimm
Architect
