LISTED BUILDING CONSENT – SKYLIGHT APPLICATION
PEACEHAVEN HOUSE HINDON SP3 6DJ
PROPOSED SITE FOR SKYLIGHT IN PHOTOGRAPHS
12 JULY 2023

Annex roof wooden structure rebuilt in 1998, as roof timbers unable to bear weight of tiled roof, which previously had supported a wriggly tin roof

External site plan

Sloping plasterboard ceiling bordered at top by internal roof beam (not shown)

Position and size of proposed skylight dictated by internal dividing wall between the kitchen and utility room, width between roof joists, and height of sloping ceiling to adjoining internal roof beam

Skylight Product
Fixed Conservation Luxlite ™
Height: 900 mm
Width: 750mm
Orientation: portrait
Triple glazed, toughened energy
