PROPOSED STABLES AT THANE HOUSE, HILMARTON, CALNE, SN11 8SB FOR MR H. SIMS-HILDITCH

The access will remain as existing which is an existing entrance off the Oxford Road between Calne and Hilmarton.

The design of the stables is to match the existing stables (3) approved in 2019 (ref 19/08119/FUL). The materials used are to match stables (3). A dividing wall is to be constructed between the main dwelling and the proposed stables. The design of the wall is to match the existing between stables (2) and (3). A gravel access is to be provided to the proposed stables all as detailed on the block plan.

The extra stables are required because 3 of the mares are in foal. All of the horses on the site are privately owned and none of the facilities provided for the horses on the site are on a commercial basis.
