Dear Sirs, 3/8/2023

Further to my earlier correspondence concerning our objections to plans submitted to you by Mr E Williams resident at 3 Maslins Close, Ramsbury, SN8 2QQ for extensions to the roof space of his bungalow, which is one of 4 bungalows built as the only properties in Maslins Close, comprising of said 4 bungalows.

I wish to point out that in a letter to residents of numbers 2 and 3 Maslins Close as well as we at number 4 Mr Williams has stated that part of the development he plans will involve the "repurposing" of some of the living accommodation. Other Maslins Close residents have already expressed concerns what repurposing means, in light of the fact that the property will now have in effect 5 bedrooms in a household of a married couple and 2 children.

The concern is that repurposing might in effect mean conversion to some kind of business enterprise, such as bed and breakfast, or some other kind of venture which would very negatively impact all of us living here. For that reason, plus all the other reasons given previously for objecting to this plan, and additionally because the foundations of these properties were made for bungalow construction not 2 storey home construction we very much hope that you will reject his proposed plans. We believe this is a money making ploy by Mr Williams, rather than simply extending his property for own use, which would still cause a lot of issues here.

Many thanks for taking these additional observations into account.

Yours Sincerely

[redacted]

Jeffrey C Shea
