Community value Your reasons for thinking that Wiltshire Council should conclude that the land is of 'community value', having regard to the definition in the Localism Act: • current primary use of the building/ land or use of the building/ land in the recent past furthers the social well-being or social interests (cultural, recreational, or sporting interests) of the local community • it is realistic to think that now or in the next five years there could continue to be primary use of the building/land which will further the social well-being or social interests of the local community (whether or not in the same way as before)	The Poor's Gorse is farm land which is rented out by the committee. The proceeds of this have to be distributed for the relief of the poor living in the parish of Aldbourne and aged 65 or over (one award per household). Currently almost hundred grants are disbursed to those living in the village and meeting the criteria. One off larger payments have also been provided in the past. As part of The Queen's Green Canopy in celebration of The Queen's Platinum Jubilee, 50 trees were planted on a small section of the land in 2022. It is therefore considered that the current use of the building or other land (or use of the building or other land in the recent past), that is not an ancillary use, furthers the social wellbeing or social interests of the local community and it is realistic to think that now or in the next 5 years there could continue to be non-ancillary use of the building or other land which will further (whether or not in the same way as before) the social wellbeing or social interests of the local community.

Eligibility to nominate Please provide evidence that you meet the definition of a community nominator as set out in the regulations (i.e. a parish council or voluntary or community body with a local connection). If an unincorporated group please provide a list of 21 names on the local electoral register.	Parish Council
