Appendix 2 – Screening Assessment Form (Version 10.3)

If you are undertaking a small development (i.e. one house in a garden) this Screening Assessment Form can be used as a basic contamination assessment, which fulfils the requirements of the 'Existing Use' section of the planning application form. This form may be used in other circumstances at the discretion of the Local Planning Authority, but please check with them first.

This Screening Assessment Form is not suitable for larger housing developments, or if there has been a past industrial use on or adjacent to the land. In these instances you will need to submit a Phase 1 Report (Preliminary Risk Assessment) and if appropriate, subsequent Phase 2 (Site Investigation and Risk Assessment), Phase 3 (Remediation Strategy) and Phase 4 (Verification) Reports.

NOTE: Failure to provide the required information at this stage may result in a delay in the application process and the imposition of planning conditions relating to land contamination.

If at any point when completing the form you suspect there is a likelihood that contamination may exist on the site (or on an adjacent site) which could affect the proposed use, it is strongly advised that you contact the Council's Contaminated Land Officer before proceeding, as your findings may necessitate the submission of a more detailed Phase 1 Report.

Please complete this form in BLOCK LETTERS and submit with photographs to the Local Planning Authority with your completed Planning Application Form.

APPLICANT / AGENT DETAILS

	Applicant	Agent
Full Name	BANE	Stuart H Carruthers
Address	c/o agent	32 Northgate Beccles Suffolk NR34 9AS
Telephone		01502 719 731
Email		stuarthcarruthers@gmail.com

DEVELOPMENT DETAILS

Site Name	The Gallons			
Site Address	Chelworth Road, Crickdale, SN6 8HJ			
Site Grid Reference	Easting	**408696**	Northing	**192282**

SITE DESCRIPTION

Please provide a detailed description and photographs of the land being developed. Include details of the layout and ground covering, any evidence of former buildings or site activities, any evidence of made/filled ground, and any signs of subsidence or contamination (e.g. ground staining/discolouration, odours, vegetation distress/dieback).
The site is a Traveller / caravan site. There is no evidence of subsidence or contamination on the land.

SITE HISTORY, LAND AND BUILDING USE

Please undertake a complete historical map review dating back to the mid/late 1800's, to provide a description of the previous uses(s) of the site and immediate surrounding area. *Historical maps are available to view online and possibly at local libraries.*

	Domestic	Agricultural	Commercial	Industrial	Other (give details)
Proposed land use (tick all that apply)	√				Caravan site
Current land use (tick all that apply)	√				Caravan site
Past land use – last 150 years (tick all that apply)	√				Amenity land

NOTE: If the site has a past or current industrial use, this Screening Assessment Form should not be used and you will need to submit a Phase 1 Report (Preliminary Risk Assessment) instead.

If the past land use has changed, please give date of change(s) (please use category types from the previous table).	From	To	Land Use

What have the existing buildings onsite been used for? (please state if applicable)	Believed to be storage and accommodation	
Are any of these buildings constructed from suspected asbestos containing material? (including cement sheets, gutters, drainpipes, lagging and insulation)	Yes ☐	No √
If any buildings are constructed from suspected asbestos containing material, please state whether an asbestos survey has been carried out and whether the material will be removed as part of the development.		

Have any fuels/chemicals been stored onsite?	Yes ☐	No √
Have there been any fuel/chemical spills or leaks?	Yes ☐	No √
If 'Yes' to either of the above, please state fuel/chemical, storage method and location, and details of any spillages.		

	Reported		Unreported	
Have there been any pollution incidents, either reported or unreported? For information please refer to Environmental Pollution Incidents on data.gov.uk	Yes ☐	No√	Yes ☐	No √

Provide details of any surface water present onsite (including drains, ponds, streams and rivers).	N/A
Provide details of any groundwater or surface water abstractions (including wells and boreholes).	N/A

WASTE DISPOSAL ACTIVITIES

Landfill sites can sometimes contaminate surrounding land. For more information and to check if any current or historical landfill sites are located near your site, please refer to the Environment Agency's section on data.gov.uk or contact the Council's Contaminated Land Officer.

Have any waste disposal activities (including the burning of waste) been carried out onsite?	Yes	No √
Have any waste disposal activities been carried out on surrounding land within 250 metres of the site?	Yes	No √
Is there any evidence of demolition activities (e.g. rubble) onsite?	Yes √	No √
If 'Yes' to any of the above, please provide details.	There was evidence of previous development on the land. The land is heavily disturbed.	

ADJACENT LAND USE

	Domestic	Agricultural	Commercial	Industrial	Other (give details)
Current land use (tick all that apply)	√	√	☐	☐	Amenity
Past land use – last 150 years (tick all that apply)	√	√	☐	☐	Amenity

Provide details of any surface water present on adjacent land (including drains, ponds, streams and rivers).	N/A
Provide details of any groundwater or surface water abstractions on adjacent land (including wells and boreholes).	N/A

PREVIOUS LAND CONTAMINATION REPORTS

Have any land contamination reports previously been completed for the site?	Yes	No √

If 'Yes', please provide a copy of the land contamination report(s) to support your planning application. **ATTACHED**

IMPORTED SOIL

Do you intend to import any soil or soil forming materials onto the site for use in garden areas, soft landscaped areas or to raise ground levels?	Yes	No √

If 'Yes', please refer to the YALPAG guidance on Verification Requirements for Cover Systems (available to download from most council websites in the region).

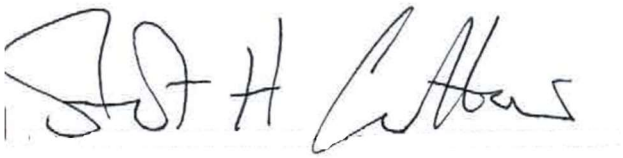
SUSPECTED CONTAMINATION

Based on the information you have provided in this form, do you think that contamination could be present at the site?	Yes ☐	No √
If yes, please provide details: The probability of the land being contaminated is low.		

INFORMATION SOURCES

Please provide details of the sources of information you have used to complete this form.
Direct inspection of land, examination of DEFRA, Environment Agency, Wiltshire Council records and Groundsure Surveys. .

Please sign below to confirm that all the information given on this form is correct to the best of your knowledge and belief.



Signed …STUART H CARRUTHERS Date 10/10/2025

Please submit this completed form and photographs to the Local Planning Authority with your completed Planning Application Form.

OFFICE USE: Please ensure that this form is forwarded to the Council's Contaminated Land Officer for consideration.
