Dear Sir/Madam,

DYSON TECHNOLOGY LTD
HANGAR 180, HULLAVINGTON AIRFIELD
NEW SECURITY FENCING AND GATES
PLANNING PORTAL REFERENCE: PP-12499034

On behalf of our client, Dyson Technology Ltd, we are pleased to submit an application seeking planning permission for new security fencing and gates at Hangar 180, Hullavington Airfield.

The proposed works are required to address ongoing security issues at the site. The nature of the fencing being proposed is entirely consistent with both the character of an airfield location in general and other fencing that can be found across the wider airfield.

The application comprises the following documents and drawings, in addition to this covering letter:

- Completed Application Form
- Heritage Statement
- Site Location Plan
- Existing Site Plan
- Proposed Site Plan
- Proposed Fence Specification
- Proposed Gate Specification

The planning application fee of £234 has been paid via the Planning Portal.

We trust that planning permission will be granted in due course for these minor but important works. In the meantime, we look forward to receiving confirmation that the application has been registered.

Yours faithfully

Julian Bolitho
