Explore the art of balance with this sturdy balance beam, Engor. A classic element on the playground that invites children to test and develop their balance and coordination. The solid beam is securely anchored between two lowly placed posts, making it accessible and safe for children of all ages. The beam trains motor coordination and balancing skills, it can also function as a bench when there is a need for a well deserved break in play.

HAGS® Sustainability

8040078: Engor Natural

Recycled: Made from materials that have been processed and reused instead of discarded.

Recyclable: Can be collected, processed, and turned into new products instead of becoming waste.

Renewable: Comes from natural sources that can replenish over time such as sustainably harvested wood.

Transparency is key for HAGS. Our materials come from various suppliers, therefore the Recycled, Recyclable, and Renewable percentages are shown as the maximum possible values used in the materials. As we source more sustainable materials, these numbers will change.
