Garden plan-

Boundary materials

Driveway material-grey gravel-for added security, drainage and to tie in with Graphite window frames etc.

Existing hedgerow will be maintained, and an additional section planted to complete front boundary.

New section of hedgerow to be planted (same species as existing- Hawthorn).

Existing Hawthorn hedgerow

'dung board' fencing, will be erected at a height of 6ft, to keep in context with agricultural land and existing fencing.

Existing 'dung board' fencing, will be extended to a height of 6ft.

Deer height, estate fencing to provide a stock proof boundary whilst protecting the view and effect of 'field into garden'.
