Description of Proposed Works

Please describe the proposed works

This is a retrospective application for the erection of a 1.8 metre fence within an existing stone wall surrounding the front garden of my house. The property has open shared access parking to the rear with no exterior amenity space af any kind. The front garden is therefore my only private exterior amenity space. This fence, which matches the height and appearance of the existing fence which forms the division with my neighbour affords me that privacy in an otherwise heavily overlooked corner site. With a young grandchild regularly visiting, this is an important requirement to me. I would have applied for permission prior to the work being carried out had I realised this was needed
