Description

Please describe details of the proposed development or works including any change of use

We would like to add a wooden lodge style building in our grounds along side our existing Porta Cabin Building to create a new Baby room. The government are introducing Free childcare to all over 2 years from April 2024 (which we can accommodate) & Free childcare to all 9 month olds from September 2024. We do not have the space in our existing building to be able to be able to meet this demand.

To do this we would need to lay a concreate base measuring 35'X14' so that the Wood lodge can be placed on top. We have waste water drainage for our existing building so we can add a new section to join and feed into this for the new Lodge's waste water.
Electricity and running water can also come from/be connected to our existing buildings supply (following all regulations).
There is already a gated entrance within our existing perimeter fence that can be used for the new lodge.

We are really keen to get on with this project so that we are able to open by September 2024 to accommodate the influx on families that will be requiring baby care as soon as the new government scheme for 9 month old baby care is live.

Details of the pre-application advice received

We were advised to apply for full planning.

Prior to contacting planning we had a site visit from Gabriele Crump from Wiltshire Council re: adding the additional building to our existing lease which is up for renewal in February 2024. She is happy to do that and she was the one to advise us to contact planning first before we did anything else.
