Brief

Replacement of 3 No. Windows, 2 Front Sliding Sash & 1 Rear Casement

Proposals

The proposal is to acquire planning permission to replace the 2 front sliding sash timber windows (WG01 AND WF01) with new windows in style of the existing. As noted within the document by One Step Joinery, the original window on the ground floor is not an original window and is constructed with modern methods, the proposal is to replace this window (along with the first-floor window) with a new window with the original details.

It Is also proposed to replace the timber casement window on the rear elevation (WF02) in style with the existing window. Window to be painted timber.

Conclusion

With the proposal of replacing the existing decayed timber windows with like for like replacements, they will help the extend the longevity of the dwelling and retain the original aesthetic of the street scene.
