Comments
The drawing submitted titled 'Bat Boxes' Drwg. No. 0001 (Charkitecture, 27/09/2023) shows the locations and provides photographic evidence of 5 bat boxes. However, 2 of the boxes are likely to be affected by the floodlight located above the window and will therefore have to relocated.

Therefore this condition can not be discharged.

04/12/2023

Photographic evidence received to show that the floodlight has been removed.

This condition can now be discharged.
