For the attention of Gavin Forest

Dear Gavin

Application PL/2023/09523 – Householder Application
Car Port with Storage Over
South Barn, Sodom Lane, Dauntsey, Chippenham SN15 4JA
For Mrs Jean Davies

Thank you for the opportunity of commenting on this Householder planning application. My Council met last evening and has asked me to forward the following comments to you.

The Council has no objections to the proposals.

The Parish Council trusts that their observations will be taken into consideration when the application is determined.

During consideration of the application the Council noted representations in regards to the address of the property. Although not a material planning matter your Council should be aware that another property situated within 800 metres and having the same postcode has had an address of South Barn, being a Great Dairy Farm barn conversion, named and occupied since 2004/2005.

This being the case it is suggested that the applicant should rename her property so that there is no confusion, especially for emergency services. Perhaps you could raise this with the applicant.

Yours sincerely

Vivian Vines

On behalf of Dauntsey Parish Council
