September 2023

Introduction

The following report is submitted in response to a Request for Further Information from Wiltshire Council to support a Listed Building Consent application for:

PL/2023/06081 LBC - Prison Bridge, Bath Road, Devizes, SN10 2BB & PL/2023/06236 LBC Town Bridge, Bath Road, Devizes, SN10 2BB graffiti removal (Grade II Listed Heritage Assets) Kennet & Avon Canal, Devizes, SN10 1JS

The Canal & River Trust has been asked to submit a measured photographic record of the existing graffiti on the listed bridges that is subject to the LBC application made on 14th August 2023.

The photographs are scaled by survey ranging staff (1.6m) and annotated with approximate dimension of each area of graffiti that is proposed to be removed.

This Listed Building Consent application follows previously consented works (Ref: **20/09833/LBC**) using the same specification and methodology to other Grade II Listed bridges in Wiltshire.

These graffiti removal works are part of the Trusts community led volunteer work to remove graffiti from heritage structures on the Kennet & Avon Canal to improve the amenity value of the historic waterways environment for its users and local residents.
