Highway Development Control Consultation Response

Planning Application Ref: PL/2023/07083

Site Address: Leigh Delamere Motorway Services Westbound, Leigh Delamere, SN14 6LB.

Proposal: Replacement building fascia sign and replacement site entrance totem sign.

Date of Consultation Response: 18/09/2023

I refer to the above planning application dated 21/08/2023 seeking permission for the replacement of the building fascia and totem signage on the westbound services.

The signage is contained within the site curtilage on the building front and within land which is not public highway.

The proposal would not be considered of detriment to the surrounding public highway; therefore, I would not wish to raise an objection in relation to highways.
