Re. Ash Tree on land off Roman Road Salisbury, belonging to Mr P Maidment.

I have inspected one Mature Ash Tree on the boundary of 1a Coronation Road Salisbury SP2 9DB.

This tree in my opinion is unsafe due to Ash Die Back, it has already shed several limbs and has a large amount of Epicormic growth – which trees put on when under stress.

Due to the proximity to neighbouring buildings and the size of this tree it is deemed unsafe and should be felled.

Any queries or further information please phone me on the above number.

Yours sincerely.

Alex Burgess
