Dear Sirs

Re: 110-112 Southampton Road, Salisbury, SP1 2LE

On behalf of our client Elite Garages, we present for the Planning Authority's consideration an Application seeking the removal of Condition 5 and Condition 6 attached to the Planning Permission S/2013/0103 which was granted on 19th April 2013.

In support of the Application proposal a detailed Planning Statement is presented and we would respectively ask that the case set out within the Statement is considered by the Planning Authority.

When determining the Application Plan details are also submitted and if any additional information is needed in addition to that which we now submit then we would be grateful if this practice could be contacted at the earliest possible opportunity.

Yours faithfully

Independent Town Planning Services
