Cover Letter for Renewal of Planning Permission

I am writing to submit the necessary documents and application for the renewal of planning permission for the continued use of the land located at Grimsdyke Field (land South of A354 opposite Pinewood Park Business Centre), Coombe Bissett, Wiltshire, SP5 5RF for the exercise and day care of dogs.

The original planning application PL/2021/06272, granted on 30th March 2022, has been instrumental in establishing a safe and well-maintained facility that has not only catered to the exercise and day care needs of dogs but has also contributed positively to the community. Over the last two years, the services we provide have become an essential service that dog owners rely on, with owners depending on our day care to meet the physical, social, and emotional needs of their dogs.

I would also like to highlight that our business has played a pivotal role in boosting the local economy by creating employment opportunities. In addition, since operating, our facility has received zero formal, verbal or written complaints.

We are proud to highlight from our regular inspections from Wiltshire Council, our facility has consistently met the highest standards set for animal welfare, reflecting our dedication to maintaining a secure, hygienic, and enriching calm environment for the dogs in our care. Wiltshire Council inspectors have expressed their satisfaction with the well-being of the dogs during their visit, emphasising the contentment observed among the dogs.

As the expiry date of the original planning permission approaches on 30th March 2024, we are eager to continue our operations without interruption. We have consistently adhered to the conditions set forth in the original application.

We have no intention of increasing the number of dogs or making any changes to the business. We are very happy with the current scale and operations. It's worth mentioning that we've reduced our operating hours at the site to commence at 9am instead of 8am.

We understand the importance of compliance with local planning regulations and are willing to cooperate fully with any additional requirements or conditions that you may deem necessary.

We kindly request that Wiltshire Council considers our application favorably, allowing us to continue our operations in providing a valuable service to both pet owners, our dogs and the community, while also contributing to local employment opportunities and economic growth.

Thank you for your time and consideration of our application.

Kind regards,

Farley Baker
