We would like to emend the approved elevations and materials. This includes changing to a steeper pitch covered with slate tiles and constructing the walls in blockworks clad in timber weatherboarding. (as stated in the previous application for removal or variation of a condition - ref. 19/11984/VAR)

The south west elevation stable doors have been changed into a window and the north west elevation 2 windows has been removed. This is to create 2 enclosed stables, both with singular access and natural light for the livery of 2 horses.

The changes have been made as it is considered that these would have a positive impact on the stables appearance, function and longevity.

If you wish the existing condition to be changed, please state how you wish the condition to be varied
