Crown raising roadside trees at King Hall, Milton Lilbourne. Trees are over hanging the road called The Street.

Approximately 60 meters of roadside tree to crown raise.

Grid reference for the span of works: SU 19021 60363 to SU1902460305

Crown raising by a few meters to facilitate vehicle access. Currently the row of trees overhang the road and larger delivery vans, lorries and agricultural vehicle struggle to drive underneath.

Figure 1: Map showing the location of tree works (red box).

Figure 2: photo taken driving down The Street. Red line indicating level of crown raising (top of wall).

Figure 3: Photo taken from junction of the Street with Havering Lane. Red line again indicating level of crown raising.
