5. What Are You Applying For?

Are you seeking consent for works to tree(s) subject to a TPO? [ ] Yes [N] No

Are you wishing to carry out works to tree(s) in a conservation area? [Y] Yes [ ] No

6. Tree Preservation Order Details

If you know which TPO protects the tree(s), enter its title or number below.

N/A

7. Identification of Tree(s) And Description of Works

Please identify the tree(s) and provide a full and clear specification of the works you want to carry out. Continue on a separate sheet if necessary. You might find it useful to contact an arborist (tree surgeon) for help with defining appropriate work. Where trees are protected by a TPO, please number them as shown in the First Schedule to the TPO where this is available. Use the same numbers on your sketch plan (see guidance notes).

Please provide the following information below: tree species (and the number used on the sketch plan) and description of works. Where trees are protected by a TPO you must also provide reasons for the work and, where trees are being felled, please give your proposals for planting replacement trees (including quantity, species, position and size) or reasons for not wanting to replant.

E.g. Oak (T3) - fell because of excessive shading and low amenity value. Replant with 1 standard ash in the same place.

Please see plans (Drawing No. 14-25 02-001) from previous submission (which was granted to previous owners/ occupiers) for tree identification only.

Since Drawing No. 14-25 02-001 was submitted, T1 and T2 have been removed.
We moved into the property in August this year and have recently engaged an arborist (the son on the previous arborist) to survey the trees. His advice is s follows:

7. Identification of Tree(s) And Description of Works continued ...

1. Remove the plum tree. On w/c 18th Sep during high winds, a large branch came down, sadly this was the main fruit bearing branch. The is the second significant branch to be lost, the previous owners informed us the other branch fell approximately one year ago. On inspection, there is fungal growth on large sections of the tree, which we are informed suggests the presence of dead wood. We hope to be able to keep some of the tree, but once further work is undertaken, the arborist expects it to be beyond long-term salvage.
2. We would like to pollard the two willows (T3 & T4). We are informed this is traditionally down to 10feet, but we believe this too extreme and would remove some of the character of the trees. We propose to match the previous pollarding, which we assume matches the previously granted application.
3. As per the previous notes in the drawings - for the same reasons outlined - we wish to seek approval for the removal of the Laburnum (T5) but this will be examined during pruning and we will take advice from the arborist. Our preference is to keep the tree and we are informed by the previous owners it has shown signs of returning to flowering.
4. We would also like to reduce the height / prune - in line with advice from the arborist - the Silver Birch (T6). We understand the best practice for this species is to remove no more than one third of the leaf bearing structure to keep the tree healthy and ensure a balanced look. This will be discussed with the arborist and aesthetics are our top priority.

8. Trees - Additional Information

Additional information may be attached to electronic communications or provided separately in paper format.

For all trees
A sketch plan clearly showing the position of trees listed in Question 7 must be provided when applying for works to trees covered by a TPO. A sketch plan is also advised when notifying the LPA of works to trees in a conservation area (see guidance notes). It would also be helpful if you provided details of any advice given on site by an LPA officer.

For works to trees covered by a TPO
Please indicate whether the reasons for carrying out the proposed works include any of the following. If so, your application must be accompanied by the necessary evidence to support your proposals. (See guidance notes for further details)

1. **Condition of the tree(s)** - e.g. it is diseased or you have fears that it might break or fall: ☐ Yes ☐ No
   If YES, you are required to provide written arboricultural advice or other diagnostic information from an appropriate expert.

2. **Alleged damage to property** - e.g. subsidence or damage to drains or drives. ☐ Yes ☐ No
   If YES, you are required to provide for:

   Subsidence
   A report by an engineer or surveyor, to include a description of damage, vegetation, monitoring data, soil, roots and repair proposals. Also a report from an arboriculturist to support the tree work proposals.

   Other structural damage (e.g. drains, walls and hard surfaces)
   Written technical evidence from an appropriate expert, including description of damage and possible solutions.

Documents and plans (for any tree)
Are you providing separate information (e.g. an additional schedule of work for Question 7)? ☐ Yes ☐ No

If YES, please provide the reference numbers of plans, documents, professional reports, photographs etc. in support of your application. If they are being provided separately from this form, please detail how they are being submitted.

9. Authority Employee / Member

With respect to the Authority, I am:

(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

Do any of these statements apply to you?

☐ Yes ☒ No

If Yes, please provide details of the name, relationship and role

10. Application For Tree Works - Checklist

Only one copy of the application form and additional information (Question 8) is required. Please use the guidance and this checklist to make sure that this form has been completed correctly and that all relevant information is submitted. Please note that failure to supply precise and detailed information may result in your application being rejected or delayed. You do not need to fill out this section, but it may help you to submit a valid form.

Sketch Plan

- A sketch plan showing the location of all trees (see Question 8) ☐

For all trees
(see Question 7)

- Clear identification of the trees concerned ☐
- A full and clear specification of the works to be carried out ☐

For works to trees protected by a TPO
(see Question 7)

Have you:

- stated reasons for the proposed works? ☐
- provided evidence in support of the stated reasons? in particular:
  - if your reasons relate to the condition of the tree(s) - written evidence from an appropriate expert ☐
  - if you are alleging subsidence damage - a report by an appropriate engineer or surveyor and one from an arboriculturist. ☐
  - in respect of other structural damage - written technical evidence ☐
- included all other information listed in Question 8? ☐

11. Declaration - Trees

I/we hereby apply for planning permission/consent as described in this form and the accompanying plans/drawings and additional information. I/we confirm that, to the best of my/our knowledge, any facts stated are true and accurate and any opinions given are the genuine opinions of the person(s) giving them.
