Italian Cottage,

Hindon Lane,

Tisbury,

Salisbury.

SP3 6PZ

23rd January 2024

The Planning Officer,

Wiltshire Council.

Dear Sir or Madam,

Re: PL2023/10287 Cools Farm

I am writing in support of the above application. For the past five years I have worked part-time as a volunteer agricultural worker at Cools Farm. Prior to this I have lived and worked as a GP in Tisbury since 1985.

The site of the new shop is on an existing concrete plinth immediately adjacent to the gateway into the farmyard, set back from the road, with adequate pull-in space off the road. It backs on to the block-built end wall of a cattle shed. This plinth originally supported a hopper for animal feedstuff, and more recently a green metal shed for feed for the farm poultry. The new shop would greatly enhance the look of this corner and also would benefit the local community.

Being able to sell the organic meat from the farm's grass-fed cattle herd and sheep flock is essential for the continuing prospering of the business, and this really needs a shop front visible from the road.

Yours faithfully,

[redacted]

DR JOHN DALTON
