Subject: Re: PL/2024/00362 - Highfield, Monmouth Road, Tisbury, Salisbury, SP3 6NR

Morning Jonathan,

Further to our previous discussions. Please find attached a revised block plan (2046 P.01 rev C) incorporating hedge/planting information.

I've also attached the original design statement - by others. Under the 'Trees & Landscape' section it mentions the improvements in visibility, light etc to neighbouring properties, with the use of a native hedge to screen the garage.

This will be in replacement of the previous Leylandii hedging, which was quite oppressive on the street and surrounding areas. This is illustrated in the photographs within the statement.

We are hopeful that the minor relocation of the existing garage building within this area will have minimal impact on the surrounding areas.

Any queries or comments please do let me know. Many thanks in advance.

Best Regards,

Ben @ R&S Consultants Ltd
