Removal/Variation of Condition 4

rear elevation

Planning statement

Artel31 Ltd have been appointed by Chippenham Borough Lands Charity to apply for the opening times detailed within Condition 4 of the latest approval (21/00472VAR) attached to the above site.

The skate park users would like to have the available of the skate park extended from 8pm to 10pm daily as currently limited by the condition. Notably, this would only have an effect during the summer months with the longer periods of daylight as there is no external lighting to the skate park.

In support of this please find attached a copy of the Acoustic report (revision C) demonstrating that the proposed scheme would be compliant with the revenant legislation until 10pm (page 21).
