Dear Helen,

Sorry about that. Looking further I have located a note on your account which reads:

'increased to 90 pitches from 50 incorporating 5 caravan pitches 28/02/2022 trial basis.'

This would allow up to 90 pitches of which 5 may be used for caravans. Caravans include motorhomes, campervans, glamping pods, shepherds huts etc.

I have attached the clubs movable dwelling guidelines for more information as to what the club finds acceptable. I will also add this issue to our development meetings agenda as this appears to be a recurring query from sites.

Kind regards
Freedom Camping Club

Good Afternoon,

Thank you for this, Sadly this is not enough for Pitchup to allow us to book caravan/ motorhome pitches as it does not state this on the correspondence, just that we can have 50 pitches.

Could you possibly put something in writing to confirm this.

Sorry to trouble you, thank you in advance

Best wishes

Dear Helen,

Please find a trial agreement attached. As we have not received any reports of issues we consider this agreement to be active.

Kind regards
Freedom Camping Club

Subject: Exemption Certificate

Good Morning,

Could you please send confirmation of our exemption. I have the certificate but it does not say our allowance and that it being asked for by Pitch

Look forward to hearing back from you
