Details of planting for new hedgerows

Hedge to be planted with a random mix of the following species at 250mm centres in two staggered rows as shown in the diagram:

Hawthorn (cratageous monogyna) 35%

Blackthorn (prunus spinosa) 35%

Field Maple (acer campestre) 10%

Wayfaring Tree (vibernum lantana) 10%

Field Rose (rosa arvensis) 10%

All planting will be in accordance with the appropriate British Standard Specification. The planting will be protected with spiral rabbit guards, maintained weed free for at least 5 years and losses also within the first 5 years are to be replaced.
