	No Objections

Coombe Bissett Parish Council - Comments

Planning Application PL/2023/05350

Churchill Place, Blandford Road, Coombe Bissett

Thank you for the opportunity to submit further comments on the latest consultation on this planning application, following the submission of a Construction Noise Impact Assessment by the applicant.

This new information does not address any of the concerns we raised in our comments dated 9 Oct 23 and therefore Coombe Bissett Parish Council continues to **OBJECT** to this Planning Application and recommends that it is **REFUSED**.

In addition, we would ask you to note the following two points raised in the Construction Noise Impact Assessment:

1. The Assessment found that there is a *"likelihood of significant adverse impact"* on neighbouring properties.

2. The Assessment found that construction would require considerable heavy plant and equipment during construction including: 18 Ton Lorries, Cranes, Telehandlers, Excavators and a Piling Rig, all of which would have to enter the site from the A354 via the Old Blandford Road – a single lane byway.

Date – 12 Apr 24
