Dear sir/Madam'

With reference to the above planning application, I attach a picture from our sun room window.

The application merely lists our property as a house previously built by Newland Homes. It makes no mention on the plan that that particular wall is floor to ceiling glass.

I understand that losing our view is not deemed a reason to object, but the plan shows that a few feet over the wall will be plot 1, which I estimate to be slightly over 8 metres tall, which I do believe constitutes LIGHT NUISANCE.

Additionally, the elevation facing our property will have an upstairs or on the stair window which would give the occupants a direct view into our home, which I think is an INVASION OF PRIVACY.

Kind regards

John Rukin
