Access to 49 Lode Hill, Downton

Post signifies the 2.4 m set back from the highways

View to the right from the entrance. The bank has been cut back and clear of vegetation at eye level to ensure a distant visibility splay towards the right when exiting the lane. The road slopes away from the entrance and has a slight curvature.

(Picture is taken from the 2.4m point)

View to the left from the entrance

(Picture is taken from the 2.4m point)

Due to set back vegetation and curve of road, there is a clear visibility up to the bend on the left-hand side as exiting the lane, as shown on picture.
