Wiltshire Council

The Town and Country Planning Act 1990
Approval of Full Planning Permission with Conditions
Application Reference Number: PL/2023/05305
Decision Date: 24th November 2023

Applicant:	Conholt Nominees Limited Middle Conholt , Conholt Lane, Conholt, SP11 9HD
Particulars of Development:	Retention and change of use of buildings used as kennels, beater's room, and shoot store in association with shooting events occurring at the Conholt Estate. Erection of an extension to the Beaters Room to provide kitchen facilities
At:	Middle Conholt Farm, Conholt Lane, Conholt, SP11 9HD

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

Conditions: (8)

1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Application Form & Certificate
Ref: 10774.01 FA Rev E – Site & Locations Plans. Received – 02.10.2023
Ref: 10774.03 FA Rev C – Plans & Elevations As Proposed. Received – 01.09.2023

REASON: For the avoidance of doubt and in the interests of proper planning.

3 The materials to be used in the construction of the external surfaces of the development hereby permitted shall match in material, colour and texture those used in the existing Beater's Room.

REASON: In the interests of visual amenity and the character and appearance of the area.

4 The development hereby approved shall be carried out in strict accordance with the following document:
• Bat Roost Assessment and Phase 2 Report dated July 2023 by Wild Earth Ecology

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity.

5 The ecological enhancements detailed in sections 4.16 and 4.17 of the report 'Bat Roost Assessment and Phase 2 Report dated July 2023 by Wild Earth Ecology' and shown on the submitted plan ref: 10774 01 FA Rev E – Site & Location Plans, shall be implemented in full prior to the extension hereby permitted being first brought into use/occupied, and shall be retained and maintained in place in perpetuity

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity.

6 All soft landscaping comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the building(s) or the completion of the development whichever is the sooner; All shrubs, trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless otherwise agreed in writing by the local planning authority. All hard landscaping shall also be carried out in accordance with the approved details prior to the occupation of any part of the development or in accordance with a programme to be agreed in writing with the Local Planning Authority.

REASON: To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features.

7 Any new external lighting should be for the purposes of safe access and security and be in accordance with the appropriate Environmental Zone standards set out by the Institute of Lighting Engineers in their publication GN01:2021, 'Guidance for the Reduction of Obtrusive Light' (ILP, 2021), and Guidance note GN08-23 "Bats and artificial lighting at night", issued by the Bat Conservation Trust and Institution of Lighting Professionals.

REASON: In the interests of protected species and the landscape setting of the AONB

8 The kitchen facilities hereby approved, shall be used solely in association with the agricultural and shooting uses that operate on this site/the wider Conholt Estate and for no other purposes, business, commercial enterprise or residential uses.

REASON: The proposed use is acceptable but the Local Planning Authority wish to consider any future proposal for a change of use having regard to the circumstances of the case

Informatives: (5)

1 The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. If the development is determined to be liable for CIL, a Liability Notice will be issued notifying you of the amount of CIL payment due. If an Additional Information Form has not already been submitted, please submit it now so that we can determine the CIL liability. In addition, you may be able to claim exemption or relief, in which case, please submit the relevant form so that we can determine your eligibility. The CIL Commencement Notice and Assumption of Liability must be submitted to Wiltshire Council prior to commencement of development. Should development commence prior to the CIL Liability Notice being issued by the local planning authority, any CIL exemption or relief will not apply and full payment will be required in full and with immediate effect. Should you require further information or to download the CIL forms please refer to the Council's Website: www.wiltshire.gov.uk/planninganddevelopment/planningpolicy/communityinfrastructurelevy.

2 Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning

Authority before commencement of work.

3 There is a low risk that bats may occur at the development site. Many species of bat depend on buildings for roosting, with each having its own preferred type of roost. Most species roost in crevices such as under ridge tiles, behind roofing felt or in cavity walls and are therefore not often seen in the roof space. Bat roosts are protected all times by the Conservation of Habitats and Species (Amendment) (EU Exit) Regulations 2019 even when bats are temporarily absent because, being creatures of habit, they usually return to the same roost site every year. Planning permission for development does not provide a defence against prosecution under this legislation or substitute for the need to obtain a bat licence if an offence is likely. If bats or evidence of bats is found during the works, the applicant is advised to stop work and follow advice from an independent ecologist or the applicant is advised to follow the advice of a professional ecologist or to contact Natural England's Batline through the internet.

4 The adults, young, eggs and nests of all species of birds are protected by the Wildlife and Countryside Act 1981 (as amended) while they are breeding. Please be advised that works should not take place that will harm nesting birds from March to August inclusive. All British birds, their nests and eggs are protected under Section 1 of the Wildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000 while birds are nesting, building nests and sitting on eggs. The applicant is advised to check any structure or vegetation capable of supporting breeding birds and delay removing or altering such features until after young birds have fledged. Damage to extensive areas that could contain nests/breeding birds should be undertaken outside the breeding season. This season is usually taken to be the period between 1st March and 31st August but some species are known to breed outside these limits.

5 The habitat within the proposed development site and the surrounding area is suitable for roosting, foraging and commuting bats. An increase in artificial lux levels can deter bats which could result in roost abandonment and/or the severance of key foraging areas. This will likely result in a significant negative impact upon the health of bat populations across the region. Artificial light at night can have a substantial adverse effect on biodiversity.

Parvis Khansari - Corporate Director, Place

NOTES

1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.

1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**

1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);

1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;

1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).

2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - http://www.planningportal.gov.uk/planning/appeals).

3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk
