Wiltshire Council

The Town and Country Planning Act 1990

Approval of Full Planning Permission with Conditions

Application Reference Number: PL/2023/06979

Decision Date: 21 November 2023

Applicant:	Mr Matthew Dunningham South View, Pack Horse Lane, Bath, BA2 7DJ
Particulars of Development:	Demolition of existing dwelling and construction of replacement dwelling
At:	37A, MONKTON FARLEIGH, BRADFORD ON AVON, BA15 2QD

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).

In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.

Subject to the following conditions:

Conditions: (11)

1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans:

Title	Description	Received Date
Location Plan (Existing and Proposed)	A17 23 23 P101 Rev A	16 August 2023
Existing Block Plan	A17 23 23 P102 Rev A	16 August 2023
Ecology Enhancement Plan	A17 23 23 P109 Rev A	16 October 2023

Proposed Elevations Sheet 02	A17 21 03 P107 Rev D	16 October 2023
Proposed Floor and Roof Plans	A17 23 23 P105 Rev D	16 October 2023
Proposed Elevations Sheet 01	A17 21 03 P106 Rev D	16 October 2023
Volume Calculations	A17 23 23 P110	16 October 2023
Proposed Block Plan	A17 23 23 P104 Rev C	16 October 2023
Proposed Block Plan - Strategy Diagram	A17 23 23 P103 Rev D	16 October 2023

REASON: For the avoidance of doubt and in the interests of proper planning.

3 Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended by the Town and Country Planning (General Permitted Development) (Amendment) (No.3) (England) Order 2020 (or any Order revoking or re-enacting or amending those Orders with or without modification), no development within Part 1, Classes A, B and E shall take place on the dwellinghouse hereby permitted or within its curtilage.

REASON: In the interests of the amenity of the area and to enable the Local Planning Authority to consider individually whether planning permission should be granted for additions, extensions or enlargements.

4 No development shall commence above ground floor slab level until a scheme of hard and soft landscaping has been submitted to and approved in writing by the Local Planning Authority, the details of which shall include:

• location and current canopy spread of all existing trees and hedgerows on the land;
• full details of any to be retained, together with measures for their protection in the course of development;
• a detailed planting specification showing all plant species, supply and planting sizes and planting densities;
• finished levels and contours;
• means of enclosure;
• car park layouts;
• all hard and soft surfacing materials

REASON: In order that the development is undertaken in an acceptable manner, to ensure a satisfactory landscaped setting for the development and the protection of existing important landscape
features and in order to protect the setting of the conservation area and AONB.

5 All soft landscaping comprised in the approved details of landscaping shall be carried out in the first planting and seeding season following the first occupation of the dwelling or the completion of the development whichever is the sooner; All shrubs, trees and hedge planting shall be maintained free from weeds and shall be protected from damage by vermin and stock. Any trees or plants which, within a period of five years, die, are removed, or become seriously damaged or diseased shall be replaced in the next planting season with others of a similar size and species, unless otherwise agreed in writing by the local planning authority. All hard landscaping shall also be carried out in accordance with the approved details prior to the occupation of any part of the development or in accordance with a programme to be agreed in writing with the Local Planning Authority.

REASON: To ensure a satisfactory landscaped setting for the development and the protection of existing important landscape features.

6 The development hereby approved shall be carried out in strict accordance with the following documents and plan:

- Updated Preliminary Ecological Assessment and Bat & Bird Survey and Assessment, dated 7th August 2023, produced by Alder Ecology UK Ltd
- Design, Access and Heritage Statement, produced by Atelier 17 Ltd, dated June 2023 Revision 02
- Ecology Enhancement Plan, drawing no. A17 23 23 P109 Rev A, as received on 16 October 2023

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity

7 Notwithstanding the submitted plans there shall be no tree felling along the southern site boundary and suitable tree protection measures shall be implemented prior to and for the complete duration of the demolition and construction phases.

REASON: To safeguard the treed boundary and ecological interests and to ensure there is no biodiversity net loss and in the interests of protecting the AONB and Conservation Area.

8 No development hereby approved shall commence beyond ground floor slab level until the exact stone and natural slate materials to be used for the development hereby approved have been submitted to and approved in writing by the Local Planning Authority. Thereafter, the development shall be completed in accordance with the

approved details.

REASON: To define the terms of this permission and in the interests of protecting the AONB and Conservation Area.

9 No part of the development hereby permitted shall be first occupied until the access, turning area and parking spaces have been completed in accordance with the final scheme of hard and soft landscaping. The areas shall be maintained for those purposes at all times thereafter.

REASON: In the interests of highway safety.

10 The development hereby permitted shall not be occupied until the area between the nearside carriageway edge and a line drawn 2m parallel thereto over the entire site frontage has been cleared of any obstruction to visibility at and above a height of 900mm above the nearside carriageway level. That area shall be maintained free of obstruction at all times thereafter.

REASON: In the interests of highway safety.

11 No external lighting shall be installed on-site until plans showing the type of light appliance, the height and position of fitting, illumination levels and light spillage in accordance with the appropriate Environmental Zone standards set out by the Institution of Lighting Professionals in their publication “The Reduction of Obtrusive Light” Guidance Note 01/21 (reference GN01/21), have been submitted to and approved in writing by the Local Planning Authority. The approved lighting shall be installed and shall be maintained in accordance with the approved details and no additional external lighting shall be installed.

REASON: In the interests of the amenities of the area and to minimise unnecessary light spillage above and outside the development site and within the AONB and to avoid illumination of habitat used by bats.

Informatives: (3)

1 Any alterations to the approved plans, brought about by compliance with Building Regulations or any other reason must first be agreed in writing with the Local Planning Authority before commencement of work.

2 **Bats**

There is a low risk that bats may occur at the development site. Many species of bat depend on
buildings for roosting, with each having its own preferred type of roost. Most species roost in crevices such as under ridge tiles, behind roofing felt or in cavity walls and are therefore not often seen in the roof space. Bat roosts are protected all times by the Conservation of Habitats and Species 2017 (as amended) even when bats are temporarily absent because, being creatures of habit, they usually return to the same roost site every year. Planning permission for development does not provide a defence against prosecution under this legislation or substitute for the need to obtain a bat licence if an offence is likely. If bats or evidence of bats is found during the works, the applicant is advised to stop work and follow advice from an independent ecologist or the applicant is advised to follow the advice of a professional ecologist or to contact Natural England's Batline.

Artificial Lighting

The habitat within the proposed development site and the surrounding area is suitable for roosting, foraging and commuting bats. An increase in artificial lux levels can deter bats which could result in roost abandonment and/or the severance of key foraging areas. This will likely result in a significant negative impact upon the health of bat populations across the region. Artificial light at night can have a substantial adverse effect on biodiversity. Any new lighting should be for the purposes for safe access and security and be in accordance with the appropriate Environmental Zone standards set out by the Institute of Lighting Engineers in their
publication GN01:2021, 'Guidance for the Reduction of Obtrusive Light' (ILP, 2021), and Guidance note GN08/23 "Bats and artificial lighting at night", issued by the Bat Conservation Trust and Institution of Lighting Professionals.

Protected Species General

The applicant should note that under the terms of the Wildlife and Countryside Act 1981 (as amended) and the Habitats Regulations 2017 (as amended) it is an offence to disturb or harm any protected species including for example, breeding birds and reptiles. The protection offered to some species such as bats, extends beyond the individual animals to the places they use for shelter or resting. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.

3 The applicant is advised that the development hereby approved may represent chargeable development under the Community Infrastructure Levy Regulations 2010 (as amended) and Wiltshire Council's CIL Charging Schedule. If the development is determined to be liable for CIL, a Liability Notice will be issued notifying you of the

amount of CIL payment due. If an Additional Information Form has not already been submitted, please submit it now so that we can determine the CIL liability. In addition, you may be able to claim exemption or relief, in which case, please submit the relevant form so that we can determine your eligibility. The CIL Commencement Notice and Assumption of Liability must be submitted to Wiltshire Council prior to commencement of development. Should development commence prior to the CIL Liability Notice being issued by the local planning authority, any CIL exemption or relief will not apply and full payment will be required in full and with immediate effect. Should you require further information or to download the CIL forms please refer to the Council's Website https://www.wiltshire.gov.uk/dmcommunityinfrastructurelevy.

Parvis Khansari - Corporate Director, Place

NOTES

1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.

1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**

1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);

1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;

1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).

2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - http://www.planningportal.gov.uk/planning/appeals).

3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk
