The Town and Country Planning Act 1990

Approval of Householder Planning Permission with Conditions

Application Reference Number: PL/2023/07723

Decision Date: 30 November 2023

Applicant:	Mr Robert Hiscox Rainscombe Park, Oare, Marlborough, Wiltshire, SN14 7LL
Particulars of Development:	Demolition of single storey extension. New single storey extension and new 2 storey extension. General refurbishment of interior.
At:	Home Farm Cottage, Oare, Marlborough, SN8 4JA

In pursuance of its powers under the above Act, the Council hereby **GRANT PLANNING PERMISSION** for the above development to be carried out in accordance with the application and plans submitted (listed below).
In accordance with paragraph 38 of the National Planning Policy Framework, Wiltshire Council has worked proactively to secure this development to improve the economic, social and environmental conditions of the area.
Subject to the following conditions:

Conditions: (6)

1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

REASON: To comply with the provisions of Section 91 of the Town and Country Planning Act 1990 as amended by the Planning and Compulsory Purchase Act 2004.

2 The development hereby permitted shall be carried out in accordance with the following approved plans and documents:

Location Plan - Drawing No. 22228/6_OS dated 04.10.22
Existing and Proposed Siting Plan - Drawing No. 22228_EP_TOPO dated 06.09.23
Proposed Ground, First Floor Plans - Drawing No. 22228/4_P_01 Rev A dated 06.09.23
Proposed External Elevations - Drawing No. 22228/4_P_02 Rev B dated 06.09.23
Preliminary Ecological Appraisal, Bat & Protected Species Survey and Bat Emergence Survey - by Eco Logic, reference 230311 rev04

REASON: For the avoidance of doubt and in the interests of proper planning.

3 The brick and tile materials to be used in the construction of the external surfaces of the development hereby permitted shall match in material, colour and texture those used in the existing building.

REASON: In the interests of visual amenity and the character and appearance of the area.

4 No external lighting shall be installed on-site until plans showing the type of light appliance, the height and position of fitting, illumination levels and light spillage in accordance with the appropriate Environmental Zone standards set out by the Institution of Lighting Professionals in their publication “The Reduction of Obtrusive Light” Guidance Note 01/21 (reference GN01/21), have been submitted to and approved in writing by the Local Planning Authority. The approved lighting shall be installed and shall be maintained in accordance with the approved details and no additional external lighting shall be installed.

REASON: In the interests of the amenities of the area and to minimise unnecessary light spillage above and outside the development site.

5 The development will be carried out in strict accordance with the following documents:

- Preliminary Ecological Appraisal Bat and Protected Species Survey and Bat Emergence Survey by Eco Logic dated October 2023 - Report Reference 230311 rev 04
- Proposed External Elevations - Drawing No. 22228/4_P_02 Rev B dated 06.09.23

REASON: For the avoidance of doubt and for the protection, mitigation and enhancement of biodiversity.

6 Replacement bat roosts will be incorporated into the development in accordance with the approved - Proposed External Elevations - Drawing No. 22228/4_P_02 Rev B dated 06.09.23. The installation of these bat roosts and access features will be supervised by a professional ecologist. These bat roosts and access points will continue to be available for bats for the lifetime of the development.

REASON: To mitigate for impacts to bats arising from the development.

Informatives: (5)

7 The applicant should note that no construction / demolition vehicle access may be taken along WILC17 without prior consultation with the Rights of way Countryside Access Officer (CAO). Where appropriate any safety/mitigation/reinstatement measures must be approved by the CAO. It is an offence under section 131A of the Highways Act 1980 to disturb the surface of a public right of way without lawful authority to do so. The Highway Authority have the power to take enforcement action as necessary.

The applicant should note that it is a criminal offence to obstruct a public right of way under section 137 of the highways Act 1980 therefore no materials, plant, temporary structures or excavations of any kind should be deposited / undertaken which obstruct or adversely affect the public right of way WILC17 whilst development takes place, without prior consultation with, and the further permission of, the highways authority at Wiltshire council.

8 Bat roosts have been confirmed on and near the site. Under the Conservation of Habitats and Species Regulations 2017 (as amended), it is an offence to harm or disturb bats or damage or destroy their roosts. Planning permission for development does not provide a defence against prosecution under this legislation. The applicant is advised that a European Protected Species Licence will be required before any work is undertaken to implement this planning permission.

9 All British birds, their nests and eggs are protected under Section 1 of the Wildlife and Countryside Act 1981 (as amended) and the Countryside and Rights of Way Act 2000 while birds are nesting, building nests and sitting on eggs. The applicant is advised to check any structure or vegetation capable of supporting breeding birds and delay removing or altering such features until after young birds have fledged. Damage to extensive areas that could contain nests/breeding birds should be undertaken outside the breeding season. This season is usually taken to be the period between 1st March and 31st August but some species are known to breed outside these limits

10 The applicant should note that under the terms of the Wildlife and Countryside Act 1981 (as amended) and the Habitats Regulations 2017 (as amended) it is an offence to disturb or harm any protected species including for example, breeding birds and reptiles. The protection offered to some species such as bats, extends beyond the individual animals to the places they use for shelter or resting. Please note that this consent does not override the statutory protection afforded to any such species. In the event that your proposals could potentially affect a protected species you should seek the advice of a suitably qualified and experienced ecologist and consider the need for a licence from Natural England prior to commencing works. Please see Natural England's website for further information on protected species.

11 The habitat within the proposed development site and the surrounding area is suitable for roosting, foraging and commuting bats. An increase in artificial lux levels can deter bats which could result in roost abandonment and/or the severance of key foraging

areas. This will likely result in a significant negative impact upon the health of bat populations across the region. Artificial light at night can have a substantial adverse effect on biodiversity. Any new lighting should be for the purposes for safe access and security and be in accordance with the appropriate Environmental Zone standards set out by the Institute of Lighting Engineers in their publication GN01:2021, ‘Guidance for the Reduction of Obtrusive Light’ (ILP, 2021), and Guidance note GN08-23 “Bats and artificial lighting in the UK”, issued by the Bat Conservation Trust and Institution of Lighting Professionals.

Parvis Khansari - Corporate Director, Place

NOTES

1 **Other Necessary Consents.** This document only conveys permission for the proposed development under Part III of the Town and Country Planning Act 1990 and the applicant must also comply with all the byelaws, regulations and statutory provisions in force in the area and secure such other approvals and permissions as may be necessary under other parts of the Town and Country Planning Act 1990 or other legislation.

1.1 the need in appropriate cases to obtain approval under Building Regulations. **(The Building Regulations may be applicable to this proposal. Please contact the Council's Building Control team before considering work on site);**

1.2 the need to obtain an appropriate order if the proposal involves the stopping up or diversion of a public right of way or other highway (including highway verge);

1.3 the need to obtain a separate "Listed Building Consent" to the demolition, alteration or extension of any listed building of architectural or historic interest;

1.4 the need to make any appropriate arrangements under the Highways Act 1980, in respect of any works within the limits of a highway. The address of the Highway Authority is County Hall, Trowbridge, BA14 8JD (It is the responsibility of the applicant to ascertain whether the proposed development affects any listed building or public right of way / other highway, including highway verge).

2 **Appeals.** If the applicant is aggrieved by the decision of the local planning authority to grant permission subject to conditions, he may appeal to the Secretary of State for the Environment in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of this decision. (Information and forms relating to the appeals process can be found at the Planning Portal - http://www.planningportal.gov.uk/planning/appeals).

3 **Climate Change.** Wiltshire Council acknowledges the climate emergency and is seeking to make the county carbon neutral. You are encouraged to include energy efficiency that exceeds building regulations and to meet residual energy demand through renewable energy and low-carbon technologies, including high levels of electric vehicle charging points. The developer is encouraged to contact the climate team to discuss this further. climate@wiltshire.gov.uk
