- [x] No

Condition(s) - Variation/Removal

Please state why you wish the condition(s) to be removed or changed

Condition 4: The requirement for side-hung doors is unnecessary in the context of the application property, in that side-hung doors would impede the practical moving and turning of cars within the application site in a location where it is critical to avoid cars reversing on to the High street where possible.

The applicant is happy to have a garage door with timber vertical boarding as the finished appearance, so as to present a traditional appearance in this sensitive area.....but we consider that an up-and-over type door is more practical and safer in this particular situation.

If you wish the existing condition to be changed, please state how you wish the condition to be varied

We would wish the condition to read:
"The garage doors hereby approved shall have a timber-vertical boarded finish."
