Date (must be pre-application submission)

Details of the pre-application advice received

Listed building consent was required due to the nature of the works which comprised:
'This would amend the construction of the existing wall which lacks foundations as part of its original design. This change in technology would require listed building approval via the consent regime.'

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
