The Rhino Premium 8x12 Greenhouse - the perfect solution for gardeners who value quality and want to provide optimal care for their plants.

Made in Britain, this greenhouse offers a range of exceptional features, including automatic ventilation, toughened safety glass, hanging basket rails, and a no-trip door threshold with an accessibility ramp. Its super-strong box-section integral base plinth ensures maximum stability, allowing you to choose the foundation that perfectly complements your growing style – even firm compacted soil!

Not only is this greenhouse highly functional, but it also enhances the beauty of your garden. Choose from a variety of colours and consider adding optional finials to add an elegant touch. Its meticulous attention to detail and storm protection features, such as lock-in glazing beads and roof vent storm locks, provide complete peace of mind.

With a 25-year guarantee, this greenhouse is built to last. Crafted with the highest quality materials and craftsmanship in our British factory, it exemplifies our commitment to excellence.

The Rhino Premium 8x12 Greenhouse and give your plants the space, care, and protection they truly deserve. The Great British Rhino – Britain's Best Loved Greenhouse Brand!
