West Wiltshire and East Somerset Area Meeting
of the Religious Society of Friends (Quakers)
1 Whiteheads Lane, Bradford on Avon BA15 1JU

9 January 2024

Victoria Blackmore
Wiltshire Council Planning Department
Bythesea Road
Trowbridge BA14 8JN

Planning application PL/2023/10895

Dear Victoria,

Thank you for your e-mail message to Sally Harris from 30 December. In response to your requests, please find enclosed

- a 1:500 block plan
- a 1:100 roof plan (this replaces the roof plan previously submitted which included various inaccuracies for which we would like to apologize)
- plans of front and rear elevations at a scale of 1:100 (please note that the proposed solar panels would not be visible from other sides)

As already mentioned by Sally Harris via e-mail, the solar panels we'd like to install are Exiom 425W Mono All Black Modules. They would be installed by Infinity Renewables under Wiltshire Council's Solar Together scheme.

Please do not hesitate to contact us if you have any further queries.

Best wishes,

Klaus Huber
Meeting House Warden
