Flood Risk Statement

for

Tidworth Paddocks, Humber Lane

Rev: P1 20.12.2023

December 2023

1.0 Flood Risk Statement

The site is located within Flood Zone 1, with low probability of flooding from rivers. Given the site is over 1 hectare we have prepared this statement to explain the flood risk in relation to the proposal.

The proposal seeks to retain the existing long grass and hedging that covers the site completely with the addition of more hedgerows to subdivide the field. Therefore the way water drains from the site will not change.
